To access the TARGET Antibiotics patient leaflets, scan the QR code or visit: www.RCGP.org.uk/TARGET-patient-leaflets

I have given the following patient information leaflet:

- UTI
- UTI for older adults
- dental
- RTI
- RTI pictorial
- other
- managing common infections (self-care)

Administering the flu vaccine. Please tick as appropriate.

- I have discussed flu vaccine eligibility with the patient
- I have given the flu vaccine on site

The Antibiotic Checklist has not been fully completed because:

- the patient's representative did not know the information
- the antibiotics are supplied by delivery service. Consider including a patient information leaflet with the prescription.
- the antibiotics are already dispensed
- the patient declined
- other reason. Please write the reason in the space below.
