

SNOMED CT TRIGGERS

“Enhanced review indicated before granting access to own health record” (1364731000000104)

“Enhanced review not indicated before granting access to own health record” (1364731000000106)

These codes operate to control whether automatic record access is switched on at **THREE TRIGGER POINTS** for patients with patient facing services (PFS) accounts. The latest code in the record takes precedence.

TRIGGER POINTS:

If either...
